

ORDER CESSATION OF HOSTILITIES

ENVOYS WILL DISCUSS TERMS OF AN ARMISTICE TODAY

Plenipotentiaries May Not Know Levels
of Platform Until They Meet for
its Discussion—Cholera is Counted
on by Turks as an Aid.

LONDON, NOV. 20.—The war has shifted for a time from the field of arms to that of diplomacy. It may be that the war is nearer to an end. Plenipotentiaries for the belligerent powers will meet tomorrow at the village of Hademkeul, a few miles from the capital for a preliminary discussion of the terms of an armistice. In the meantime the Turkish, Bulgarian and Serbian commanders have ordered a cessation of hostilities, although cannonading which Nazim Pasha reports as uninterrupted occurred this morning.

The sweeping terms which the allies were said to have demanded yesterday as a basis for the armistice appear not to have been advanced but the plenipotentiaries may not know the levels of the platform until they meet for its discussion and it is almost certain that it will be on the basis of the Balkan states holding all the country conquered and a permanent treaty of peace is signed.

Bulgars Hampered by Transportation
It is certain that great transportation difficulties hamper the Bulgarian army on account of the distance from its base and the rough roads. The cholera is counted on by the Turks to weaken the Bulgarian ambition for a triumphal march into the capital and the celebration of mass in St. Sophia.

But to make assurance doubly sure the Turks have resorted to the amazing plan of transforming the mosquito into a pest house and has crowded 2,000 cholera patients within its walls.

Ottoman Envoys Appointed.
Constantinople, Nov. 20.—Nazim Pasha, commander in chief of the Turkish army; Izzet Pasha, chief of general staff of the war office and late commander in chief in Yemen, and Chadan Bey, councillor of state, have been appointed the Ottoman plenipotentiaries for the negotiation of an armistice with the Bulgarian representatives. The question of peace looms large in the foreground. The question of cholera complicates the issue at Thessalonica and today it is rumored that the Bulgarians are retreating to more sanitary positions. A violent cannonading in the region Durkas, however, would indicate that some engagements are in progress in that quarter. This morning all was quiet in the neighborhood of Bilyuk Chelmedyl and Tchatalja, but fresh troops are arriving daily from Asia Minor. The porte has applied to the embassies and legations for the withdrawal of the naval contingents landed Monday on the ground that their presence is not necessary while it is added that should danger arise there will always be time enough to take measures of precaution. The ambassadors and ministers at a meeting today discussed the request. It is understood that they decided to leave the matter in abeyance for the present.

No Serious Fighting.
A telegram from Nazim Pasha reads: "There was no serious fighting today. A slight cannonade and a fusillade were exchanged at the right wing. We collected the arms and other effects abandoned yesterday by the enemy."

It is believed that the object of the societies in arming nearly 2,000 patients in the mosque of St. Sophia is to deter any enemies from setting foot within the building. The talk of the Sofia papers regarding the celebrating of Te Deums in that historic pile undoubtedly produced an impression on the Turkish government, which resorted to this truly oriental expedient of thwarting such a design.

A letter from Drama says that long before the Bulgars approached the town the authorities were seized with panic and besought the foreign consuls to arrange a peaceful surrender. Next day the governor, the military commander and the commander of the gendarmery attired in full uniform abandoned the place, while many of the soldiers and gendarmery followed their example.

Fearing Christian Massacre.
Washington, Nov. 20.—Although without confirmation of the reported massacre of Christians in the neighborhood of Jaffa, the officials here admit they have been apprehensive of such troubles on the Serbian coast where the religious differences between the Mohammedans and the Christians are more pronounced than in any other part of the Ottoman empire. American interests in that quarter are large not only owing to the large fruit trade but the presence of a large number of American missionary and educational institutions. Within twenty miles of Jaffa, which is the port of Jerusalem, are three important American missionary stations, Tayibek, Ramallah and Ala Areek.

There is also a large Jewish population but so far it is not known that they have been disturbed by the Turks or Arabs, whose ill-feeling appears to be directed solely against the Christians.

ISLAND OF JAMAICA SWEEPED BY HURRICANE

TWO TOWNS OF IMPORTANCE PRACTICALLY WIPED OUT

Reports by Steamer Say 42 Persons Were Killed at Montego Bay—Telegraphic Communications Still Suspended.

KINGSTON, JAMAICA, NOV. 20.—The western end of the island of Jamaica has been devastated by a hurricane lasting for five days. A great tidal wave has swept over both the north and south coasts practically wiping out Savanna La Mar and Lucea, both towns of importance. According to a report brought in by steamer 42 persons were killed at Montego Bay.

The latest reports indicate that the tidal wave swept over Savanna La Mar, and adjacent villages for a quarter of a mile inland. The effects of the hurricane extended along the coast eastward to Black river about 25 miles from Savanna La Mar where the residential quarter was wrecked.

A great tidal wave is reported to have practically wiped out the town of Savanna La Mar on the southwest coast, and Lucea on the northwest coast of Jamaica. Forty-two people were killed by the hurricane in Montego Bay, according to a report brought by a fruit vessel which arrived at port Antonio early today.

Floods which accompanied the storm caused immense damage, a hundred houses being blown down. Telegraphic communication still is suspended.

The governor of Jamaica has left on a special train accompanied by a detachment of artillerymen, who have taken with them 300 tents and foodstuffs as in certain sections the people are destitute.

The gale began on November 11th, and continued for several days. Vessels arriving in port reported that the wind was blowing over 100 miles an hour.

Lucea is a town of 2,000 inhabitants on an inlet on the northwest coast while Savanna La Mar is a sea port with about the same population on the southwest coast, almost directly across the island.

GOVERNMENT WITNESSES TESTIFY AGAINST FITZGERALD

Former Sub-Treasury Employee Tells of \$900 Shortage Found in November, 1908.

Chicago, Nov. 20.—Testimony was given today by several government witnesses in Federal Judge Carpenter's court against George W. Fitzgerald, who is charged with having embezzled \$173,000 of sub-treasury money, Feb. 20, 1907. William Bol-denweck, former sub-treasurer, testified concerning an alleged change in the figures in one of Fitzgerald's books. Two other employees of the sub-treasury also were put on the stand. Thomas L. Ledden, formerly employed in the sub-treasury office, testified to a shortage of \$900 discovered in November, 1908. He said Fitzgerald visited his home and said he intended to build a house.

"Are you going to do it on that \$900 shortage?" I asked.

"Say when I get government I'm going to get it good and hard," Fitzgerald replied, according to the witness.

"What was this \$900?" inquired Assistant District Attorney Elwood G. Godman.

"That represented a shortage that had occurred in the sub-treasury at the time," answered the witness. Ledden testified concerning another incident that occurred in the summer of 1906. He said he saw Fitzgerald putting some money in his pocket. Ledden said he asked him what he was going to do with the money. He replied, "that he intended to take it to a bank as the cashier there did not have enough bills."

Mr. Godman indicated that this was not the regular method of supplying banks with currency of small denomination.

Ledden said he had checked over the accounts of Fitzgerald, Feb. 11, 1907, and found them correct.

RAILWAY COMMISSIONERS.

Washington, Nov. 20.—The national association of railway commissioners, in annual session here today, elected O. P. Gohlth of Ohio, president; Lawrence B. Flinn of Kentucky, and Clifford Thorne of Iowa, vice presidents; William H. Connolly, chief clerk of the interstate commerce commission, secretary, and William Kilpatrick of Illinois, assistant secretary. The committee on express service and rates reported to the association today that the progress of the inter-corporate relations between express companies and between them and the railroads "has reached a state of public scandal."

The report also discussed methods of apportioning property values.

RAYNOR UNCONSCIOUS.

Washington, Nov. 20.—United States Senator Isador Raynor of Maryland, who for some time has been critically ill at his apartments in this city, practically was in a state of coma all day. Efforts to arouse him to consciousness failed.

He had been congratulating himself upon the immunity of American interests from injury during the present war today. Today a cablegram was received from the American consul at Salonika in the very center of the field and war, reporting that all American and American interests there and at Cavalla, which is now occu-

In the first fourteen suits filed contributory damages were asked, bringing the total up to \$77,000. The suits will come up in the December term of court.

A. H. Freeman Surrenders.
Chicago, Nov. 20.—A. H. Freeman, 46 years old, local agent and solicitor for the Barr and Widen Mercantile agency of St. Louis for whom a warrant charging the operation of a confidence game had been issued surrendered himself to the police today and later was released on bonds of \$5,000. Freeman is accused in connection with alleged nationwide swindling operations which, according to the police has netted the concern several hundred thousand dollars. Three alleged solicitors of the mercantile company are under arrest in Syracuse, N. Y., according to the police. Freeman was arrested on the complaint of a local law firm said to represent a score of alleged victims, whom he is said to have swindled.

Freeman is said to have represented that the mercantile agency had unearthed secret assets of firm bankrupt, and to have obtained large fees from creditors.

Freeman is said to have obtained more than \$15,000 in Chicago as agent for the St. Louis concern.

Joseph D. Winden a member of the firm is said to have committed suicide in St. Louis Tuesday when detectives attempted to arrest him.

CELEBRATE ANNIVERSARY.

Mexico City, Nov. 20.—The second anniversary of the launching of Madero revolution was celebrated tonight at a banquet given by the president in the national palace. It was attended by many of the government officials and the members of the Cheche Campos, operating in the state of Durango, has cut the central railroad to the south of Torreón. The government insists that conditions in the north are sufficiently improved to warrant the withdrawal of a large part of the troops to aid the campaign in the house.

ENDORSE COMMITTEE'S ACTION.

Albany, N. Y., Nov. 20.—By resolution the Episcopal diocese of Albany at today's session of the annual convention endorsed the action of the convention standing committee in refusing to consent to the consecration of Rev. Dr. H. B. Silver of Topeka, Kan., the newly elected bishop of Kansas because he is a divorced man.

When a clergyman is elected to a bishopric in the Episcopal church his election must be confirmed by the other dioceses of the country. The matter was brought before the convention today when a resolution was adopted endorsing the action of the standing committee.

ADVOCATE BETTER LAWS.

Minneapolis, Minn., Nov. 20.—Better banking laws were advocated at today's session—Banker's Day—of the Minnesota Conservation and Agricultural Department Congress.

That about one-third of all the money in the banks of the United States is in the vaults of New York banks was the statement of Arthur Reynolds of Des Moines, vice president of the American Bankers' association. Mr. Reynolds declared that there was no co-operation between the greater number of small banks to maintain credit in times of trouble and urged the formation of a central association for that purpose.

ROOSEVELT MAINTAINS MARGIN.

San Francisco, Nov. 20.—With canvass of the state almost complete Roosevelt maintains a margin over Wilson of 65 votes. This is one the face of un-official returns from the counties not canvassed.

Prospective changes not yet officially recorded, however, indicate that Griffin heading the Wilson electoral ticket, will have a plurality over Wallace, high Roosevelt elector in the final computation.

Alma, Mich., Nov. 20.—An x-ray examination here today of Captain "Ephie" Johnson of the Alma football team revealed the fact that Johnson played the last Alma-Detroit game last Saturday's game with a broken neck. He is in a critical condition. He was kicked in the neck at the beginning of the second half and was in great pain before the game ended. It was thought the injury to his muscles until the radio-

POLICE OF CHICAGO SEE JOHN B. KOETTERS

WANTED IN CONNECTION WITH CINCINNATI HOTEL MURDER

Body Identified as That of Mrs. Emma Kraft, to Whom Koettters Had Been Attentive—Description of Missing Man.

CHICAGO, NOV. 20.—The police tonight sent out a request for the arrest of John B. Koettters, 36 years old, in connection with the slaying with a hammer in the Saratoga hotel last week of Mrs. Emma Kraft, 60 years old, of Cincinnati, who was identified today. Chicago detectives now in Cincinnati working on the case telephoned Captain John Halpin of the detective bureau that Koettters had been attentive to Mrs. Kraft, who recently had sold some property for nearly \$5,000 and had lately disappeared from her home. The identity of the hotel mystery was established today by a daughter and a niece of Mrs. Kraft, who declared that the close of the victim were those of their relative. Koettters is described as being 36 years old, five feet 11 inches tall, weighs 180 pounds, of medium build, light complexion, brown hair inclined to curl.

He has a smooth face with a dimple in the chin.

Loaned Man Large Sum.

Cincinnati, Nov. 20.—That Mrs. Kraft of this city was the woman who was killed in a Chicago hotel last Thursday, that the police know the name of a man who was formerly engaged to marry Mrs. Kraft and who is known to have borrowed \$900 and is suspected of having killed her, were today's developments in the mystery which has for six days puzzled the police of Chicago. Mrs. Kraft, who was 60 years old, was known to have recently sold property in this city amounting to \$4,750 and the police are convinced that she had a large part of this in her possession at the time of the murder.

The man the police have in mind is prominent in this city and was seen here last election day.

Police Have Warrant.

Chicago, Nov. 20.—A warrant for the alleged murderer of the woman identified as Mrs. Emma Kraft of Cincinnati is in the hands of Chicago detective department. Captain Halpin said today that the suspect has been under surveillance for several days and that his arrest is near.

Koettters had studied telegraphy and formerly was an elevator operator in Cincinnati.

The police say that after Mrs. Kraft sold two pieces of property for \$4,800, she resided at the Palace hotel in Cincinnati for two weeks and disappeared on November 13th. Koettters it is said corresponded with her while on his way from Des Moines to Cincinnati where he disappeared November 5th.

Mrs. Kraft is known to have sent some of her household goods to Kansas City apparently expecting to marry Koettters.

BRYAN HAS NOT CONFERRED WITH WILSON SINCE ELECTION

Declares He Has Never Discussed With Him at Any Time Any Person in Connection With Any Office.

Waycross, Ga., Nov. 20.—"I have not conferred with Mr. Wilson since the election, and have never discussed with him at any time any person in connection with any office, and I have no intention of going to Bermuda."

This answer was made tonight by William Jennings Bryan in reply to reports current today that he proposed to visit the president-elect in connection with a cabinet appointment.

"The public knows that Governor Wilson has gone to Bermuda to rest and that he is not selecting a cabinet," Colonel Bryan added. "They ought to let him do the selecting and not spend their time in guessing. If they do guess, I see no reason why I should spend my time in discussing the guesses."

Colonel Bryan, accompanied by his wife, is en route to Miami, Fla., to spend the winter.

REIDELBACH WILL RECOVER.

Would-be Dynamiter Did Not Sustain Fractured Skull.

Los Angeles, Cal., Nov. 20.—Carl Reidelbach, alias Carl Warr, alias Albert Henry Davis, the would-be dynamiter who terrorized an entire section of the city yesterday when he took possession of the central police station with a huge bomb, did not sustain a fractured skull when struck down by a policeman and will recover.

Reidelbach evinced further eccentricities today when he refused to eat the fare provided for prisoners in the city jail. He said he had subsided for many years on raw meat, which he ate only twice a week and uncooked vegetables and fruits.

Reidelbach occupies a cell on the second floor of the jail. The prisoners in the jail whose lives he jeopardized yesterday threatened to kill him if he were incarcerated in the main part of the jail.

CHARGES BRUTAL HOME MANAGEMENT

JOHN MCGREARTY TESTIFIES BEFORE SENATE COMMITTEE

Alleges Food Served at Sawtell Soldiers Home is Not Fit to Eat and That Sleeping Quarters Are Positively Inhuman.

Los Angeles, Cal., Nov. 20.—Serious charges of mismanagement were made today by John S. McGrearty, a witness before the United States senate committee investigating conditions at the Sawtell Soldiers' Home. McGrearty, a newspaper man, made an investigation of the home and the resolution introduced by Senator Works, which resulted in the senatorial inquiry, was based on a magazine article by McGrearty.

The witness said the management of the home was unsympathetic, brutal and overbearing, that the food was not fit to eat, and that the sleeping quarters were positively inhuman.

A meal described by the witness consisted of cold soup, "hog and hominy," potatoes boiled in "jack-pots," a chunk of oleomargarine and coffee, without sugar and milk. After eating the soup the veterans dumped the other food into their soup bowls because there were no plates and no one was allowed a "second helping" he said.

Describing conditions in dormitories the witness said that from 20 to 50 men were herded together in each of the barracks and they slept on iron cots, upon which were mattresses an inch thick from 15 to 20 years old. Only one bath tub was provided for each barracks.

Nearly everything connected with the system of administration was condemned by McGrearty. He said the inmates were compelled to observe "taps" and go to bed at 9 p. m. On one of his visits, he said, the library was so cold, that the men went to bed to keep warm.

The association adopted the following resolution: "Resolved, That this association views with disapproval the growing tendency of the United States government toward paternalism in matters pertaining to the press and condemns the recent law requiring publicity in matters in no wise concerning the general public."

In connection with a discussion of the law affecting newspapers, Thomas Rees of Springfield, publisher of the Illinois State Register, and chairman of the organization, said: "It seems to me that the post-office department is getting to be too much of a machine of virtue, instead of a machine of service."

Chicago, Nov. 20.—Jack Johnson, negro pugilist, under federal indictment for alleged violations of the Mann act, will be arraigned before Federal Judge Carpenter tomorrow. An indictment against Johnson for the alleged smuggling of a diamond necklace for his late wife, Etta Duryea Johnson, who committed suicide is held in abeyance. He will be tried on the criminal charges of violating the Mann act first.

TO SOLVE CAR SHORTAGE PROBLEM.

Washington, Nov. 20.—The car shortage problem will be dealt with immediately by a committee of the American Railway association. NEW BALL LEAGUE MAY BE ORGANIZED

LARGE CITIES ARE NAMED FOR MEMBERSHIP

Rumor Says Certain Clubs in American Association and Western League Will Become Outlaws—President O'Neill Will Stick to Organized Ball.

Chicago, Nov. 20.—Rumors that certain clubs in American association and Western league are planning to become "baseball outlaws" and form a new league were confirmed here tonight.

President Tip O'Neill of the Western league, while declaring nothing official had been said to him regarding the proposed league, admitted that discussion of the proposed league had been going on for weeks and that the matter took concrete form at a meeting of the league held in Milwaukee last week. Certain club owners in the Western league assert their cities properly belong to a circuit with Milwaukee, Kansas City and Minneapolis.

The invasion of Chicago and the establishment of rival clubs in American association cities are said to be included in the plans of the proposed league.

It is said the proposed league plans to establish clubs at Chicago, Minneapolis, Indianapolis, Milwaukee, Kansas City, Omaha, St. Joseph and an eighth city yet to be selected.

President O'Neill declared he is in no way connected with the proposed league, and he is opposed to outlaw leagues, and that he proposes to stick to organized baseball.

GETTING READY AT CAPITAL FOR CONGRESS TO MEET

President Taft Cancels All Engagements to Write Message—Money Trust Investigation to Be Resumed Dec. 9th.

Washington, Nov. 20.—The first signs of activity for the coming session of congress made their appearance about the capitol and white house today. The house committee on banking and currency met to plan a resumption of the money trust investigation Dec. 9th, members of the house appropriations committee began work on the annual supply bills for next year and President Taft cancelled all engagements for next two days arranged to begin tomorrow the dictation of his annual message to congress. It is understood President Taft will follow the plan adopted last year of dividing into separate messages his recommendations on many different subjects the first message to be sent to congress soon after it meets, probably will be general in character with particular attention given to the achievements of the year in relations with foreign countries. Other messages will deal with financial affairs, anti-trust and railroad legislation, army and navy and the proposed establishment of a budget system for the estimating of federal appropriations. Secretary Knox took over to the president state department data on foreign relations. The congressional "money trust" committee today determined to begin its hearing December 9th, when men prominent in the financial world will be asked to testify. The committee will endeavor speedily to clear up that branch of the inquiry dealing with the operations of stock exchanges and clearing house associations.

Without additional powers conferred by congress it will be unable to complete the inquiry into the concentration of money and credits.

DR. GEORGE KING ON STAND.

Testifies He Is Positive That Mrs. Szabo Met Death From Strangulation.

Goshen, N. Y., Nov. 20.—Dr. George King, official physician of Hudson county, New Jersey, testified for the state today in the trial of Burton W. Gibson for the murder of Mrs. Rosa Menchik Szabo, that Mrs. Szabo met death in Green Wood lake, July, last, from strangulation and no other cause. Of this he was positive, he said.

John Minturn, an eye-witness of the tragedy, swore that he saw Gibson place one arm around Mrs. Szabo's neck and thrust his hand to her throat. This was while Gibson and the woman were in the boat 300 yards from the shore. They both fell out, Minturn said, and Gibson swam to the boat, overturned it, and then apparently tried to pull the shirt of his bathing suit over his head. The defense maintained that the drowned woman tore the shirt from Gibson's back.

A clerk from a bank said Gibson had tried in vain three times to obtain \$3,000 on deposit in Mr. Szabo's name in the bank where he was employed. The witness said Gibson told him Mrs. Szabo had died of kidney disease and heart trouble.

WILSON DENIES REPORT.

INSPECTORS MAKE NATION-WIDE RAID

DOCTORS AND OFFICERS OF DRUG CONCERNS TAKEN

Charged With Misuse of Mails to Solicit Criminal Medical Practice or to Dispose of Medicines and Instruments Connected With Such Practice.

WASHINGTON, NOV. 20.—A nationwide raid, involving the arrest practically simultaneously of 173 persons in the principal cities of the country, was made today by post-office inspectors and United States marshals upon doctors and drug concerns, charged with misuse of the mails to solicit criminal medical practice or to dispose of medicines and instruments connected with such practice. The raid is the most extensive and far-reaching ever made by any department of justice and was under the personal direction of Postmaster General Hitchcock and Chief Inspector Robert Sharp, of the postoffice department. So carefully had its details been guarded that until the first of the arrests were made at Indianapolis, early in the day, practically nothing was known of the government's contemplated action.

Spread Over 22 States.
Working with clock-like precision, the inspection force spread over twenty-two states, carried out the pre-arranged plans, and at an early hour tonight the postoffice department had received word that practically all of the designated persons had been arrested. The result of the crusade still is being received tonight by the inspectors' division of the postoffice department in the form of dozens of telegrams from various divisional headquarters. In isolated instances it was found, for various reasons, to be impracticable to effect the arrests but suspected persons against whom warrants have been issued are under surveillance and probably will be unable to escape.

Worked Several Months on Cases.
Chief Inspector Sharp and a large part of his force of 390 inspectors had been engaged for several months, under the orders of the postmaster general, in working up the scores of individual cases in which arrests were made today. Many of those taken into custody were members of prominent wholesale and retail drug concerns or physicians well known in their own communities.

The government was according to a statement by Postmaster General Hitchcock tonight.

"The work of the postoffice inspectors today is the culmination of the crusade instituted more than two years ago against the fraudulent and unlawful use of the mails," said Mr. Hitchcock. "In that comparatively brief time we have wiped out of existence that which has mulcted people of the country out of more than \$100,000,000 by frauds perpetrated through the use of mails. The wide publicity given to the arrests made today will do most to put an end to this particular sort of criminality than any number of practically unknown prosecutions of widely separated cases."

Thirteen Arrested in Chicago.
Chicago, Nov. 20.—In addition to ten arrests made today in Chicago in connection with federal nationwide arrests for alleged misuse of the mails in soliciting criminal practice, three more men were taken into custody tonight. They are Dr. H. Hubert Miller, Felix C. Harting and John G. Messager.

WILL PUSH PROPOSITION.

Washington, Nov. 20.—Representative Henry of Texas, chairman of the rules committee of the house, announced that he intended to push the proposition to change the inauguration date from March 4 to the last Thursday in April during the coming short session. Mr. Henry said he would re-introduce the bill defeated in the last session and seemed to be confident of its passage.

TO VERIFY M'CLUNG'S ACCOUNTS.

Washington, Nov. 20.—Secretary MacVeach tonight appointed a committee to count the money and securities of the treasury to verify the accounts of the retiring treasurer, Lee McClung. This will be the greatest count of money and securities in all history. It is estimated that Mr. McClung's liabilities will approach close to \$1,500,000,000 for which Mr. Thompson, the new treasurer, must give a receipt. The count will require at least two months.

BLOOMINGTON COMES FRIDAY

High School Football Game Scheduled for Saturday to Be Played Day Earlier.

Manager William Allcott received a telegram from the management of the Bloomington high school football team stating that they would be willing to let their team come here Friday for the clash with the local high school eleven. There were two games scheduled for Illinois field on Saturday, Illinois college having arranged a contest with Normal university, and it was almost absolutely necessary that one game should be played earlier.

This will be the last game played on the local diamond by the high school, after which will come the hardest game of the season with Springfield on Thanksgiving day. Springfield is practicing hard for the contest and after the round up next Saturday with Mattoon, they will get down to real work for the Turkey game. The Springfield News says of the contest: "The game will be worth more than the price of admission, if the dopesters have guessed right. The two teams have met once this season and the game ended with a score of 0 to 0, which is the best evidence in the world that they are well matched."

MRS. TANDY IS HONORED BY STATE REBEKAHS

Is Chosen for Post of Warden by Very Large Majority.

As will be noted from a Peoria telegram on another page Mrs. O. E. Tandy of this city has been named as warden of the state assembly of Rebekahs. This makes it certain that Mrs. Tandy will later be elevated to the highest office in the order, a post of honor she is eminently qualified to fill. Mrs. Tandy's friends in Jacksonville and Morgan county will rejoice that she and Caritas lodge have been thus honored. A telegram to the Journal from N. Z. Reinbach told of the very handsome vote given Mrs. Tandy. The telegram said:

"Mrs. Myrtle W. Tandy was elected warden of state assembly of Rebekahs today on first ballot by the largest vote ever given a candidate. There were three in the race and she received \$22 out of 1113. This is the second time the honor has come to Caritas lodge of Jacksonville. Mrs. J. J. Reeve being elected six years ago."

HUSBAND IN COURT

BRINGS END TO SUIT

Kansas Woman's Attempt to Collect M. W. A. Insurance Fails—Supposed Dead Man Appears on Scene.

Independence, Kan., Nov. 20.—Mrs. Evaline Stalnaker, suing the Modern Woodmen lodge of Independence to enforce the payment of a \$2,000 policy on her husband's life was confronted by Stalnaker in the district court here today. The plaintiff became speechless. She at first denied the identity of the man, but later admitted he was her husband.

The case was dismissed with the costs assessed against Mrs. Stalnaker. Mrs. Stalnaker earlier had taken the stand and said her husband was the brother of her first husband, and that when she married him he was 19 years old, and she forty. In 1904, she related Stalnaker was working as a contractor when his workmen threatened to mob him. He fled and she believed she said that he had been frightened to death or "put out of the way."

DEFEAT RADICAL WING.

Federation of Labor Will Continue Its Policy of Trade Autonomy.

Rochester, N. Y., Nov. 20.—After a debate that lasted all day, members of the radical wing of the American Federation of Labor were defeated by a vote of nearly two to one in their attempt to have the federation adopt the principle of industrial unionism in place of its policy of trade autonomy. Two hundred and forty-nine delegates voted against the minority report of the committee on education which avowed the principle of industrial unionism and 142 voted in its favor. As a result of the adoption of the majority report the federation will continue for a year at least to recognize the autonomy of international and national unionism wherever its policy of trade autonomy seems unsuited to the industry it will introduce the principle of industrial unionism. Among the speakers who advocated the adoption of the minority report were John Mitchell, Frank Hayes and Duncan McDonald of the United Mine Workers, and Joseph D. Cannon of the Western Federation of Miners.

PRESIDENT GOMPERS LED THE DEFENDERS OF THE FEDERATION'S PRESENT POLICY.

San Francisco, Nov. 20.—Thirty-nine of the fifty arrests attempted in the Pacific coast by the government in the crusade against misuse of the mails had been made at eight o'clock tonight and it was expected that this number would be increased before the night was ended.

WILL FIGHT FOR CIGARETTE LAW

Battle Will be Held at the Next Gathering of the Legislature For Prohibitive Sale in Illinois.

Various women's clubs, Sunday schools and educational forces throughout the state are forming an alliance with the Anti-Cigarette league to fight for the abolition of the cigarette in Illinois and when the 48th general assembly meets the legislators will find a well organized society to fight for a bill which will prohibit the sale of the cigarette in Illinois. Miss Lucy Page Gaston is superintendent of the Anti-Cigarette league.

"We have the bill prepared, have friends enough in the legislature this year to force it to a vote and believe the markets of Illinois will be purged of cigarettes within a year," said Miss Gaston yesterday.

"We will ask the passage of the most drastic act that public sentiment will support. We want the law to be practically a copy of the Kansas law which prohibits the sale of tobacco in any form to minors and prohibits the manufacture or sale of cigarettes."

"We would like to make it a crime to possess or use cigarettes, but that has been tried without success. We find that so drastic a law would cost us popular approval."

"We are centering our fight on Michigan, Indiana, Ohio and Illinois. Indiana will furnish the fiercest fight we have ever waged. There was a joker in the last Indiana anti-cigarette law and it was repealed. O. E. Baker of the Indiana assembly was indicted for bribery while representing the tobacco trust in the fight against us. We have all his accounts, letters and memoranda, and will make things unpleasant for some assemblymen if we do not receive a fair chance."

"We have information of the use of \$10,000 in bribing members of the Illinois senate."

Mrs. James Foster told of the home mission work and Miss Race of the hero, Frank E. Higgins, who was a missionary to the lumbermen in Michigan and Wisconsin. WILL RELEASE INFORMERS IN BROAD DAY LIGHT

According to Program Rose, Webber and Vallon Will be Set Free This Afternoon.

New York, Nov. 20.—It will be in broad daylight and not under cover of darkness as they had anxiously hoped that "Bald Jack" Rose, "Bridge" Webber and Harry Vallon will be set at liberty, according to the program for the release of the three informers against Charles Becker and his four gunmen tools so as it could be learned tonight, the three men will be brought at 2 o'clock tomorrow before Coroner Feinberg and District Attorney Whitman will present to that official, it is said, stipulations signed by him with counsel for the witnesses. If Mr. Whitman declares that the three men have kept faith with the state in giving testimony, the coroner will release them from commitment. The underworld has been awaiting with interest an intimation as to the time when they would go free for the feeling has prevailed there that the friends of the four gangsters about to be sentenced to death for the murder of Herman Rosenthal were only awaiting the liberation of Rose, Webber and Vallon to take revenge upon the trio.

BENEFIT BASEBALL GAME. A recent issue of the Los Angeles Examiner contained a large picture of Mrs. Frank Griffith, one of the patronesses of the baseball game given in that city as an Assistant league benefit. Mrs. Griffith who is secretary of the organization is a sister of Mrs. J. Thompson Sharpe of Jacksonville. The "Assistant league" charity league, which was formed during the time of the San Francisco earthquake, has grown large in numbers and prominence. A very unique program was issued for the ball game and the players, who were mostly from the big leagues gave their services free and the game netted the society over \$7,000 for charity.

ASSIGNS NEW CAUSE. St. Louis, Nov. 20.—Delegates to the first annual convention of the National Federation of Retail Merchants were warned today against making false statements in advertisements, and against cutting retail prices until profits are absorbed, by H. D. Robbins of New York, chairman of the vigilance committee of National Advertising clubs.

SUGGESTS NATIONAL PARKS. Ambassador Bryce Speaks Before National Civic Association.

Baltimore, Nov. 20.—Ambassador James Bryce of Great Britain in the course of an address before the National Civic association tonight spoke on the general topic of "National Parks—the Need of the Future." Vast as is the United States, he said, it is moving toward that state of dense population which now constitutes one of the big problems of Europe. He suggested that an additional park should be set aside in the Rockies and that one should be established in the southern Alleghenies. After Mr. Bryce addressed, Secretary of the Interior Fisher, who presided declared that steps toward the accomplishment of many of the ambassador's suggestions already had been taken, and that his department had been authorized to purchase about 100,000 acres of forest land in the Allegheny mountains. A movement also was on foot, he said, to establish a new national park in Colorado.

COULD NOT CONFUSE. MISS CECILIA FARLEY. Columbus, Ohio, Nov. 20.—Miss Cecilia Farley, the state house stenographer, on trial for murder, for the shooting of Alvin E. Zollinger, could not be confused today in her story of how Zollinger was "accidentally shot" under the grilling cross-examination by prosecuting attorneys.

Although she had been on the witness stand for two days, Miss Farley did not once contradict previous evidence she had given. She strenuously denied much of the testimony given by a woman detective who had been placed in an adjoining cell in the county jail, saying that some of it was "untrue" and that other parts had been taken from the newspaper accounts of the case.

MANY WITNESSES IN GOHEEN TRIAL

Jacksonville Citizens Appear on Witness Stand in Pike County Divorce Suit—Case Will Probably Go to the Jury Friday.

The second day of the Goheen divorce trial in progress in Pike county passed off with the examination of many witnesses from Jacksonville. It is probable that the case will not go to the jury before Friday as they are a number who will testify today and tomorrow the lawyers will present their arguments.

Among the witnesses who were examined yesterday were Mrs. and Mrs. Ezra Scott; Miss Mary Caldwell; Mrs. Angie Finley Webber; Dr. T. J. Pitner; Dr. T. O. Hardesty; Dr. H. L. Griswold; Sheriff W. B. Rogers; Ellsworth Wells, Chief of Police; George P. Davis; Edward Saye; Mrs. McLain; Mr. Peterson; Mrs. Richards and Mrs. Ailsman.

The examination of the witnesses failed to bring out the facts of the extreme cruelties to which Mrs. Goheen, in her seven hours testimony of the day before, stated that she was subjected. The testimony of William Peterson was of unusual interest, from the fact he said he had loaned, or given Mrs. Goheen \$250, while she was still living with her husband. Mr. Peterson stated that his family had often visited the Goheen family and that Mrs. Goheen was a cousin of his late wife. When questioned closely as to why he said that he had given the money to Mrs. Goheen, he said it was a request of his wife. Peterson said that he expected to get this sum of money back when Mrs. Goheen got her alimony.

Mrs. Goheen was also put on the stand again in the afternoon and reiterated most of the statements which she had made the day before.

It was rumored yesterday in Pittsfield that the defense had offered a settlement for \$1,000 and a divorce, but that the prosecution stated that the suit would be called off if \$2,500 would be paid, a divorce granted, and that Mrs. Goheen would never again visit Jacksonville.

Among those who will testify today are D. E. Sweeney, John Jackson, Mrs. Eva Potter, Miss Conkle, Miss Marie Goheen, Squire W. T. Dyer, Peter Hammel, W. J. Oneal, Miss Mary Caldwell and Jerry Sweeney.

CHRISTIAN CHURCH REVIVAL

The members of the Christian Endeavor society of the Central Christian church were guests of honor at the revival meeting last night. They were given special seats and otherwise made welcome.

Rev. Clyde Darsie preached from the text: Math. 16-16, "And Simon Peter answered and said, Thou art the Christ, the Son of the Living God." He took for a subject "The creed that needs no revision." The pastor went on to show that people did not get into the kingdom of heaven through creeds or the like, but by following the commands of Jesus Christ. A quartet composed of J. Philip Reid, Fern Haigh, Everett Weeks and Edith Carlson, sang most impressively, "Message of Love." Mrs. Taylor sang, "Does Jesus Care."

Tonight the pastor will preach on the subject, "Marriages."

A SCOTT CO. SCHOOL

A Pleasant Visit Enjoyed by a Journal Reporter With the Pupils of the School at Riggston.

Monday morning the writer had the pleasure of visiting a Scott county school for he is not so narrow minded as to love only those schools of his own county but takes an interest in temples of learning for the young, no matter where they are located. The school visited was Seminary school, district No. 18, taught by Miss Minnie F. Brown, and the directors are John Shipley, B. F. Green and Fred Burns.

The building is of brick, in good repair and beautifully located on a knoll of good size and well supplied with forest trees and has no fence about it which is a good idea, for fences will get out of repair and so give the place a dilapidated appearance.

Entering the visitor found a room well supplied with usual articles required in a country school and the teacher said the directors were good to grant her all the things needed for the satisfactory conduct of the school. On the walls was a portrait of Abraham Lincoln, though the picture was not framed and that was about all the pictures of any consequence to be seen and the visitor suggested to the teacher that they ought to have pictures of Washington, Grant and several other national heroes.

The pupils were indeed a delight, bright, attentive and intelligent. The visitor gave a talk on the land of Egypt, which might possibly be regarded as dry and uninteresting, but it was not so with those boys and girls, who showed keen interest in all that was told them and the pictures shown them.

As it was in Scott county no comparisons will be drawn with schools of Morgan, but the writer will say that when he had finished talking he requested the pupils to ask him questions and while they were a trifle shy at the start they soon warmed up to the business and kept on till he was compelled to leave for home and their questions were generally such as become people of intelligence and ability. The whole visit was very agreeable and the caller was urged to stay all day, which would have been pleasant had other duties permitted.

While in Riggston the writer and his little friends had the great pleasure of enjoying the kind hospitality of Mr. and Mrs. Howard McCullough in their lovely new home so convenient, spacious and attractive that it was hard to leave. They are royal entertainers and persons whom it is a delight to visit.

EVERY STREET IN JACKSONVILLE.

Has Its Share of the Proof That Kidney Sufferers Seek.

Backache? Kidney's weak? Distressed with urinary ills? Want a reliable kidney remedy? Don't have to look far. Use what Jacksonville people recommend. Every street in Jacksonville has its cases.

Here's one Jacksonville man's experience.

Let G. V. Skinner of 533 South East street tell it.

G. V. Skinner, blacksmith, 533 South East street, Jacksonville, Ill., says: "I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way by Doan's Kidney Pills."

Mr. Skinner is only one of many Jacksonville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Skinner had—the remedy backed by home testimony. 50c all stores. DOG WAS SHOT.

Parties became frightened at the queer actions of a dog in the south part of town yesterday and the animal was shot. It is reported the dog bit a child and also known to have bitten several dogs.

THE GOOD ROADS QUESTION.
Highway Improvement Means Great Saving to Farmers.

Those who opposed wagon road improvement and who have been responsible for nothing being done in any of the many parts of the country have no realization either as to what good roads mean in the way of an annual saving to the people of the United States, or as to the durability of good roads.

The total mileage of all the roads in the United States is 2,151,570 miles. Not quite 200,000 or 9 1/10 per cent are now improved according to modern methods, leaving more than 90 per cent of mud and dirt highways. Beyond the saving in the way of wagon transportation already reaches over this comparatively small improved portion close to \$100,000. From this it can be seen that if all roads were put in good condition the annual saving would be about one thousand million dollars. The initial cost of improved highways is the only real expense. The upkeep amounts to practically nothing. Take for instance a modern brick road. There is no telling how long it will last, but there are many roads of this character which have been down for twenty years and have grown better as time goes on. Striking examples can be seen of this all over the country and brick manufactured to day is of more durability than that which was made two decades back. The same is also true of stone. After a road has been used for a considerable period, if the material ships a little, and it will never chip sufficiently to be coming rough, it furnishes a firmer footing for horses in snowy and rainy weather and thus the ability to haul heavier loads every time is increased with no added wear upon the vehicle.

A man who has studied the good roads subject said recently: "Claim is made that the present agitation in favor of good roads was begun by the owners of automobiles. This becomes amusing when the real facts are known. The Arabian Way was built three hundred years before the commencement of the Christian era. Simplicius Pass was built by Napoleon Bonaparte and so before either of these roads were constructed there was an agitation for better highways. Moses lead the children of Israel away from Egypt on a paved road and it was paved as substantially as are any of the roads in the United States. Automobile owners were several thousand years late in starting the agitation in taking people out of the mud."

"The present year illustrates the interest which is being taken by the general public in this matter. Something like \$150,000,000 have been spent by different states for wagon road improvement. New York alone made an appropriation of \$50,000,000 and California was second in the amount given. Ohio defeated a proposition to issue \$50,000,000 in bonds as proposed in the constitutional amendments, but the agitation is going on there and the coming legislature will be asked to make a direct levy for carrying on the work."

George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist, house.

After her service with Mr. Strawn, Jane gave her heart and hand to a worthy young man of the tight little island and his name was Swain, a cognomen most savory in the annals of the north part of the country for he was a man who walked in the ways of righteousness and reared his family in the same manner and when he was called to his final reward he left them good means but a better inheritance, a blessed name.

For many long years Mrs. Swain has not seen the old place but yesterday she had the pleasure of a visit to the premises and the present occupants treated her very politely. She was courteously invited to make herself at home and visit any place she chose. She went to the room she occupied, the kitchen and all about and then to the spring house. On the premises is a spring and over it, in Pennsylvania style, a spring house is erected which is a fine place for keeping milk. AFTER MANY YEARS.

It was 67 years ago that a bonnie lass named Jane Ann Hunter was played for seven months in the family of Jacob Strawn, the widely known cattle king of the west. She worked for a dollar a week and gave her father five dollars of her money to help him buy a horse and he secured one of the best in the country at that time.

It would be interesting to know what the animal cost as horses were cheap in those days. The writer's father had one which would easily travel sixteen miles an hour and was noted all over the county in which he lived and feeling the animal, was too expensive for him to own he sold her for the munificent sum of \$65, a big, round price for those days though today the same mare would no doubt sell for three hundred easily.

After her service with Mr. Strawn, Jane gave her heart and hand to a worthy young man of the tight little island and his name was Swain, a cognomen most savory in the annals of the north part of the country for he was a man who walked in the ways of righteousness and reared his family in the same manner and when he was called to his final reward he left them good means but a better inheritance, a blessed name.

For many long years Mrs. Swain has not seen the old place but yesterday she had the pleasure of a visit to the premises and the present occupants treated her very politely. She was courteously invited to make herself at home and visit any place she chose. She went to the room she occupied, the kitchen and all about and then to the spring house. On the premises is a spring and over it, in Pennsylvania style, a spring house is erected which is a fine place for keeping milk. As she entered that little building she saw a table in one corner and at once identified it as the one on which she used to wash milk crocks so long since. Several other familiar objects were seen

greatly to the delight of the good lady who is now enjoying the evening of her days looking back on a well spent life and having the care of dutiful children.

Truly her four sons and two daughters will arise and call her blessed.

INVESTMENT BANKERS TO MEET.

New York, Nov. 20.—Delegations of prominent financiers have arrived here from Chicago, Boston, Philadelphia, New Orleans and other cities to attend the first annual convention of the Investment Bankers' association of America, which will assemble tomorrow for a two days' session. This is the association which was formed here last August, with the primary object of restricting, if not entirely eliminating, the get-rich-quick schemes and the spurious stock and bonds. The convention will conclude Friday evening with an elaborate banquet at the Waldorf-Astoria, at which several important speeches will be made relative to the work of the association.

Mrs. Emma Maier, 627 N. 7th St., Springfield, Ill., says her kidney trouble resulted from an operation: "From then until I used Foley's Kidney Pills I did not know what a well day was. Then my backache left me, that tired dragged down feeling was gone, I slept soundly and awoke refreshed. I had no more headache or dizzy spells." Safe and sure. Try them. City Drug Store, J. A. NO MORE CONSTIPATION

It's Me for Olive Tablets!

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and Calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No griping is the "keynote" of these little sugar-coated tablets.

They cause the bowels and liver to act normal. They never force them to unnatural action.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them.

"Every little Olive Tablet has a movement all its own." 10c and 25c a box.

YOU NEED S.S.S.

Every sufferer of Rheumatism needs S. S. S. because this great blood purifier is a certain cure for the painful disease. Rheumatism is caused by an excess of uric acid and other corrosive, irritating impurities in the blood, which are carried through the circulation to the different portions of the system. This acid matter coats the nerves, muscles and joints with a fine, caustic deposit and the sharp cutting pains or dull, constant aches are produced. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes into the blood, neutralizes the acids, and dissolves the irritating particles and forces them out of the system through the natural excretory channels. Then all inflammation and swelling subside, the pains and aches cease, and not only is Rheumatism permanently cured but under the tonic effects of S. S. S. the entire health is benefited and built up. S. S. S. reaches inherited cases as well as those which have been acquired, and good results always follow its use. S. S. S. is an absolutely safe remedy because it contains no strong minerals to damage the system. It is made entirely of roots, herbs and barks. Book on Rheumatism and any medical advice free to all who write and request same. S. S. S. is for sale at leading drug stores.

BARGAINS FOR WORK: DISAPPEARS

A few days ago a genteel looking stranger appeared in the city and asked for the address of some lady who did sewing and finding one he said he had bought of Marshall Field & Co., a bolt of muslin which he wanted made into a tape line 1300 yards long. He wanted the goods torn into strips five inches wide, turned in half an inch on each side, then doubled and two rows of stitching on each side and a row in the middle which would amount to one row of stitching 6500 yards long.

The work was to consume 25 spools of thread and he was to pay \$15 for the work. The price seemed fair and he made a bargain and at the same time asked where some other lady lived who did sewing and being directed to her house told the same story regarding the bolt of muslin and the tape line 1300 yards long.

He told in one place that he had found a lady who was willing to undertake the work but she looked too delicate to be entrusted with it.

He finally disappeared and nothing has been heard from him since. He must have been the same man who said he was going to start from this place to walk to Florida and perhaps wanted to leave one end of his tape line in this place and take the other to Jacksonville, Florida.

NOTICE OF FINAL SETTLEMENT.

In the matter of the estate of Alexander Walker, deceased.

Notice is hereby given, that I, the undersigned, executor of the last will and testament of Alexander Walker, deceased, have cause my final report and account as such executrix to be placed on file in the office of the clerk of the county court of Morgan county, and that I shall apply to said Court on Monday the 2nd day of December A. D. 1912, at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account and for my final discharge, at which time and place, all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

MARTHA W. SAGE, Executrix.

Mr. Hiram Steele, 628 N. 6th St., Terre Haute, Ind., writes: "I came down with a severe case of kidney trouble. I had to get up too often at night, there was pain and much sediment, puffs under my eyes, back ached terribly, and I was dizzy. Foley Kidney Pills cured me quickly, and I feel 100 per cent better. GOING INTO THE MINISTRY.

Rev. Mr. Bracwell of the vicinity of Murrayville has put aside the plow and taken up the Bible entirely; in other words he has given up farming and is going into the ministry. For some years he has been a resident of "Greasy" Prairie and a member of the church four miles southeast of Murrayville, where he has been a potent force for good and now he has decided to give his entire time to the work and will have a charge at Chesterfield. He was in the city yesterday with his family on his way to his new charge and the people of that community may expect a faithful spiritual leader.

SUFFRAGISTS NOW
IN PHILADELPHIA

Hundreds Gather for Forty-Fourth Convention of National Association—Elected Over Election Results.

Philadelphia, Pa., Nov. 20.—Elected over the recent addition of four stars to their flag, hundreds of delegates to the forty-fourth annual convention of the National American Woman Suffrage association, which meets tomorrow for a five days' session, are here today preparing to give to "the cause" the most notable impetus since the inception of the equal franchise movement. The women have come from every section of the country and are among the leaders in their respective states. The hotels are filled with them, and many others of the delegates are being entertained in private homes.

The program prepared for the gathering provides for many novel and attractive features. Witherspoon hall, where the most of the sessions will be held, has been handsomely decorated for the occasion. The six-star flag, conspicuous at the former conventions of the organization, gives way this year to the ten-star flag, the four new stars representing the states of Michigan, Kansas, Oregon and Arizona, which adopted woman suffrage amendments at the recent elections.

A fine array of talent has been obtained to address the various meetings, consisting of prominent men and women who have become famous for their devotion and labor along different lines of human activity.

The meetings will vary in character from a great outdoor rally in Independence Square on the opening day to a Thanksgiving service on Sunday afternoon in the Metropolitan opera house. All of the evening sessions will be open to the public.

At the formal opening of the convention tomorrow night Miss Jane Addams of Chicago will preside and the national president, Rev. Anna Howard Shaw, will deliver her annual address. Another feature of the evening's program will be addresses from leaders who aided the cause of victory in Arizona, Michigan, Oregon and Kansas.

The men enlisted in the equal suffrage cause will have their innings Friday evening. The session will be in the entire charge of the National Men's League for Woman Suffrage and men only will appear on the program as speakers.

The program for the Saturday evening session will be conducted entirely by the National College Equal Suffrage league, of which Dr. M. Carey Thomas, president of Bryn Mawr college, is the head. Two debating teams made up of young women college students will engage in a debate on the subject of equal suffrage.

A special program has been prepared for the Independence Square rally tomorrow. The original Woman's Declaration of Rights will be read, and Mrs. Charlotte Pore, the only living signer, will be present, and be formally presented with a bouquet of flowers.

The Sunday afternoon thanksgiving service in the opera house will probably be the largest indoor suffrage meeting ever held in this country. The background of the stage will be a huge world map, showing the progress of the suffrage movement up to date. All the suffragists will be painted in bright red, and a band of musicians will furnish the music for the meeting. Rev. Anna Howard Shaw will preside and among the speakers will be Miss Jane Addams and Miss Julia Lathrop, the latter the newly appointed head of the Children's Bureau.

A mass of routine work will be disposed of at the daily business sessions of the convention. Reports will be received from the various national officers and committees and from delegates representing all of the states. These reports will embody a narration of the progress made during the past year, the plans of campaign found most effective and an exchange of ideas through debate.

The speakers who will be heard at the night sessions will include many persons of national or international prominence. In addition to those already named they will include Mrs. Harriet Stanton Blatch of New York, Miss Harriet Taylor Up-ton of Ohio, Mrs. Susan W. Fitzgerald of Boston, Mrs. Robert M. LaFollette of Wisconsin, Baroness Von Suttner, the celebrated advocate of international peace, and Mrs. Carrie Chapman Catt, president of the International Woman Suffrage alliance, who has just returned from an eighteen months' trip around the world.

The election of officers of the association for the ensuing year is a subject that is already exciting lively discussion among the delegates. Rev. Anna Howard Shaw of Philadelphia will be a candidate for reelection to the presidency and will be seriously opposed for the first time during the eight years she has held the office. The opposition has centered upon Miss Laura Clay of Kentucky as their candidate. The supporters of Dr. Shaw profess to feel no fear over the result of the contest.

Mrs. Peter Holan, 11501 Buckeye Road, S. E., Cleveland, O., had a little son with a bad case of whooping cough. She says: "He coughed until he was blue in the face. I gave him Foley's Honey and Tar Compound, and the first few doses had a remarkable and almost immediate effect. A few more doses cured him. Yes indeed I can recommend Foley's Honey and Tar Compound." In the yellow package, City Drug Store, J. A. Obermeyer.

NEW YORK STOCKS.
New York, Nov. 20.—A further
disposition to await the outcome of
events at home and abroad was
manifested by today's stock market.
Trading for the greater part of the
session was of the familiar profes-
sional character and movements were
extremely narrow.

The tendency was mildly reac-
tionary in the early hours with per-
sistent heaviness in United States
steel, Reading and a few other fa-
vorites. In the final hour, the
accompaniment of some activity,
pressure relaxed slightly and recov-
eries to or slightly above yesterday's
closing were recorded, despite a sud-
den advance in call money to 6 per
cent.

London's markets were depressed
at the outset but recovered later
and some buying for that account
was reported here. The demand was
chiefly for coppers and Union Pa-
cific. Paris prices indicated firm-
ness and Berlin was observing a re-
ligious holiday. Foreign exchange
displayed further weakness, the rate
approximating the gold import point,
but as yet negotiations for the metal
by our bankers have not proceeded
beyond the tentative stage. Time
money, while nominally unchanged,
was actually inclined to ease for the
longer dates.

Some important financing was an-
nounced in the course of the day.
The New York New Haven & Hart-
ford sold \$40,000,000 one year notes
to a banking syndicate, a consid-
erable part of which it is understood,
will be used for refunding purposes.
Directors of the Vanderbilt lines au-
thorized the issuance of \$24,000,000
equipment notes a large share to be
applied to payment of construction
material and rolling stocks. The
one important railway return for
October was that of the Baltimore
& Ohio road, showing a net gain of
\$415,000.

GENERAL MARKET NEWS

EXPORT SALES

RALLY WHEAT
(By Associated Press.)
Chicago, Nov. 20.—Export sales
rallied wheat today after the market
had touched a new low level for this
year's crop. Closing prices were
firm 1/2 to 3/4 above last night. Corn
showed a net advance of 1/4 to 3/8
and oats a gain of 1/4 to 3/8. In
provisions the outcome varied from
5c decline to a rise of 50c.

Highest prices of the day in wheat
came just before the last bell. The
market had been comparatively in-
different to advices concerning ex-
port business at New York as the
bull was believed to be Canadian.
Large sales to Europe from Kansas
City for shipment from Gulf cities
had a stimulating effect here. Fa-
vorable weather in Argentina and
Australia and large offerings from
Russia at Liverpool tended to keep
wheat depressed here the greater
part of the time. May wheat ranged
between 89c and 90c with final
sales 1/2 net higher at 90 1/2c.

Fear of a squeeze in December
contracts led to an upturn in corn.
The country was said to be offering
but little owing to low prices. May
ranged from 47 to 47 1/2, closing firm
at 47 1/2, a net gain of 1/4 to 3/8. Some
falling off in primary receipts caused
oats to develop strength. May
sold from 32 1/2 to 32 3/4, with
the close 1/4 up at 32 3/4.

Active futures on the provision
market were sharply higher, as a result
of continued shortage in hog arrivals.
At the close pork was 2 1/2 to 50c
dearer and other articles generally
10 to 20c higher.

ALL BULGARIA HAS ENLISTED FOR WAR

Miss Blackburn Writing From Lovetch Tells Incidents of Balkan Conflict—Great Secrecy About Death List.

The following interesting letter was recently received by Edmund Blackburn from his daughter, Miss Kate, who for a number of years has been at the head of a college at Lovetch, Bulgaria. While the letter refers to some matters covered in the dispatches early in the month it nevertheless gives some accurate information about the great conflict now waging in the east which is not shown by the war correspondents. Miss Blackburn says that in the case of Bulgaria that the whole nation has gone to war as the last call was for the old men and boys. Even in Bulgaria it is hard to get news from the front and no exact information is given out of the number of persons killed. It is likely that the college at Lovetch will be closed for a few months and that the main buildings will be used for hospital purposes.

I wrote a letter home last Sunday and since then there have been no marked developments on the war question. However, the Turkish prisoners have not yet appeared in Lovetch. We are hoping that the rumor in regard to that plan will prove false. Mr. Count came to Lovetch for consultation with us this past week. Arrived on Wednesday night and stayed with us until Friday noon. It is such a problem to know what is best to do for the good of the work in general. After a thorough consideration of every point it seems that it will be impossible to continue school during the winter months. Even if no imminent danger threatens, the supplies of food and other necessities in the city are so limited we cannot obtain enough, at any price, to carry us through, and the most difficult thing of all will be wood for fuel. The carts and animals belonging to the villagers have so generally been taken for army uses that even the women who are left have nothing with which to haul in their wood. We fortunately have quite a supply left over from last spring and in addition are getting almost the entire supply that is brought into Lovetch. Still it will be a very great undertaking to pull through even till Christmas. We have bought the last kerosene obtainable and can no longer buy matches by the dozen boxes, but singly. We have counted our supplies very carefully and have decided on the following plan (provided no new element of danger arises). We presented the plan to our teachers yesterday and begin working it out tomorrow. We will drop from the program, drawing, sewing, gymnastics, etc., all extra rhetorical work and the like, will double up on the main subjects, all taking extra hours and cover as much ground as possible by Christmas.

mas, then send all the girls home and reopen, if possible, about April 1. Again do extra work and in this way make it possible for the girls to get their certificates and not lose the year. It will be very unfortunate for our school in the future if we should fail to provide in some way for our girls to complete the work of the year to such an extent as to pass on into the next year's class. To this end we shall bend every effort. It is a heavy burden of responsibility we have carried for five weeks past and it is not likely to grow less for some time. We subscribed for the London Times for three months. It contains much information about the Balkan war and what is quite as important, it reveals the view of the European powers and their attitude. There are eighty war correspondents at Starazagora, the Bulgarian army headquarters, but they are not in sight of the battlefield and are not allowed nearer. The Bulgarian military officials seem intent on preserving secrecy, so far as Bulgarian losses are concerned, not only abroad but among their own people. No lists of dead or wounded are allowed to be published. When the war is ended then the losses will be made known. Even the wives know nothing of what is going on, except if now and then a postal undated and without name of place says the husband is alive. O. war is surely a cruel thing. Mr. Count took the copies of our London Times home with him but will return them and then I want to send a clipping. The Bulgarian Call to Arms, which puts the case so vividly and yet so truly. It is not exaggerated. A nation not simply an army has gone to war. The other day an order came to prepare the "old men" and "boys" to go to the front. All the rest went at the first call. This war will cost Bulgaria an incalculable price, not in money only but in men. Every day word is expected that Adrianople has been taken. There in Thrace is the main Bulgarian army. But the city is surrounded by twenty-eight forts and they still have the railroad to Constantinople and Turkey is pouring in troops from Asia Minor at the rate of thousands every day. The Bulgarian general has said that he could take the city in ten days if he might lose 15,000 men in doing it. This is the tenth day since they began their efforts against Adrianople. Mr. Bahajoff, our pastor, was forced to go to the front contrary to law, which exempts all ordained persons from whatever religion. One more of our preachers (Sofka Manolera's husband), Mr. Puleff, is also at the front. Ella Knows Sofia, living in troops from Constantinople with the parliament in Sofia, has finally secured the official freedom of Mr. Bahajoff, but no one knows whether he will get back alive, or if he does when it will be. Mr. Count is dreadfully afraid he may lose his life on the Adrianople battlefield before the message of freedom reaches him. It will be a great loss to our church if he falls.

This letter is getting long and I must close. All that I write will convey very little of what this awful war means. If we close our

school it is quite possible they will ask for our two largest buildings for hospital use. Mr. Count said the trains coming into Sofia from the battlefields were like funeral processions. He said the hospitals and schools there were filled with the wounded and now they are canvassing for rooms in private houses. Of course the cities nearer will be filled first and then the cases that are less serious will be sent inland. Let me hear from home often. I hope you will all keep well there.

BULL MOOSE LOVE FEAST.

Indianapolis, Ind., Nov. 20.—Leaders of the Progressive party in Indiana are arranging to hold a state rally in this city tomorrow. Former Senator Beveridge and other prominent leaders will address the meeting and plans will be made for maintaining a permanent organization of the party.

NAPLES.

For several days the weather has been fine and farmers are busy getting their corn gathered. The winter wheat looks fine, with an average acreage. The pecan crop this year on the river bottom was one of the largest in many years and at one time the price of nuts was the highest, 1 1/4 c. per pound, but recently the price went down to 8 c. per pound.

The levee work on the new district south of Naples is progressing finely. They are now unloading many cars here of coal and material for the pump plant and boat building down to where it is to be used. A. E. Savio, the mail clerk, was at home with his family the past week. He will resume his run the first of the week. Also Frank Kellogg and wife visited his mother a few days. Frank also is a mail clerk and lives at Chapin.

Mrs. John M. Ritter and daughter, Minnie Pine, of Bluffs visited at Mrs. W. G. Pine's Sunday. Mrs. Henderson's daughter and son of Hannibal have been visiting her mother here and enjoyed their outing.

Mr. and Mrs. Fred Albers and daughter, Edith, of Beardstown are visiting at their son-in-law's home, Mr. and Mrs. Robert Watts.

The M. E. church has installed a new piano. The Ladies' Aid have newly decorated the church and bought a new carpet.

It is now conceded Naples has one of the best Sunday schools and leagues in Scott county.

W. G. Lesourd & Son from Peoria, who own several farms in this section, were here looking after their interests yesterday.

Miss Casteen, a Bluffs teacher, and formerly a teacher at Naples, called on friends here Sunday.

The Bald Eagle and Keystone State steamers will make but one or two more trips this season, agents say.

Mrs. Edward Coultas and her son, Bert and wife, were all representatives of Lynville in the city yesterday.

DECLARE WAR ON COLDS. A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians.

Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold.

"Don't sit in a draughty car."

"Don't sleep in hot rooms."

"Don't avoid the fresh air."

"Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

STATE NEWS.

"Cuban Itch" Cause of Week's Vacation—Because one lonely little child walked into the Fairmont Park public school of Joliet with an unmistakable case of "Cuban Itch" appearing on her face, the children of the Fairmont Park school are enjoying a full week of vacation.

Is Opposed to Cards—There will be no more card playing in Pythian lodge rooms if a recently issued edict by Joseph M. Omo, grand chancellor of the grand domain of Illinois, Knights of Pythias, is obeyed by members of the order.

In his first official letter to members in the domain the grand chancellor says he has learned that certain persons are in the habit of remaining in lodge rooms after close of meetings for a friendly game of cards. Occasionally money is wagered on these games, he asserts, and he appeals to the Pythians to refrain from violating the laws of Pythianism and the statutes of Illinois.

Petersburg Lifts Quarantine—The quarantine which has hung over Petersburg for a week, has been lifted. The schools have been opened and church and social functions will be resumed, and places of amusement will again open. The prompt action of the school board in conjunction with the health officers, prevented what might have been serious results from diphtheria. There are still four cases under quarantine, but these are all doing well and there have been no new cases for eight or nine days.

Cashier at Greenfield—James P. Roodhouse, for fifteen years cashier of the Bank of Medora until a few months ago when the institution was sold out to the State Bank of Medora, has been chosen to succeed the late E. A. Culver as cashier of the Farmers' State Bank at Greenfield and has already entered upon his duties there.

Hand Picked Seed Corn—Nearly 75,000 bushels of fine hand picked seed corn has already been stored in the local seed corn houses of Mason county, which are the largest in the world. The seed corn this year is said to be of exceptionally fine quality and both plants predict another record breaking season.

Experiment of Much Interest—At the weekly exercises of the Pana township high school near Pana, a famous experiment was presented by the principal, W. E. Andrews. It will be remembered that Faucett of Paris, hung a pendulum from the dome of the Pantheon and found that the vibrations of the pendulum disclosed the rotation of the earth. At the high school a heavy lead ball is suspended so as to make a pendulum thirty feet long. It vibrates once in three seconds. After it has swayed many times it appears that the building is slowly rotating clockwise at a rate that would make a complete turn in about 37 hours. The demonstration is wonderfully suggestive and excites great interest.

NEW INTERURBAN COMPANY.

Route of Proposed Line Runs From Springfield to Quincy.

Articles of incorporation were filed Tuesday with County Recorder James Buffington at Quincy for the Mississippi Valley Traction company with headquarters at Springfield. The capital stock is named at \$25,000 and the directors are as follows: George M. Skelly, Springfield; W. L. Campbell, Springfield; C. T. Smith, Springfield; Edward Croeger, Kent Ohio; J. T. Croeger, Youngstown, O.

The object of the company is to build an interurban from Springfield to Quincy, the road to touch the following counties: Adams, Sangamon, Brown, Schuyler, Cass and Menard. The road, according to the articles, after leaving Springfield will pass through the following cities: Petersburg, Beardstown, Rushville, Mt. Sterling, ending in Quincy. The directors met in Springfield the first Monday in October at which time Mr. Campbell was named as secretary. Other officers have not been elected.—Macomb Journal.

A NIGHT OF TERROR.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all dealers.

PROF. GARRETT MADE ADDRESS.

Baldwin, Kan., paper.—One of the most interesting features in any of the round tables in connection with the Kansas State Teachers' association was an address by Prof. W. H. Garrett, before the Kansas Association of Mathematics Teachers, on the subject of "Some Shortcomings of College Freshmen in Elementary Algebra."

The address was based upon an investigation of about 450 examination papers, taken at the beginning of the year from freshmen taking mathematics, in four of the leading colleges of the state. The freshmen were given 50 minutes to solve eight simple problems in elementary algebra, and from the resulting papers, Prof. Garrett has secured the data for a large variety of statistics. These statistics were arranged in the form of colored charts, which showed at a glance just what were the strong points and the weak points of college freshmen as regards algebra.

It was generally agreed by the mathematics teachers that the showing was very poor, and a suggested remedy was that the last term of high school algebra be placed in the fourth year of the high schools, instead of the third or second as is frequently done.

AIDING WESLEYAN

AT BLOOMINGTON.
The campaign in Bloomington to raise \$125,000 for Illinois Wesleyan is now well under way directed by Bishop Lewis. One hundred Bloomington business men have organized for the work. In a column and a half account of a luncheon when Bishop Lewis addressed the hundred workers the Pantagraph said yesterday:

"The Wesleyan campaign for an endowment fund has started well. The wheels were moving yesterday in a manner which could readily be seen by any casual observer."

"Bishop Lewis arrived in the morning as per schedule, met the local boosters and started them off. He proved a great starter, and will be here until they rush home at the end of the week, when everyone expects to see them come under the wire with the desired \$125,000 in pledges on a silver platter to present to the trustees."

"At 12:15 o'clock the 100 men met in the basement of the Unitarian church and had lunch. As soon as the lunch was started Bishop W. S. Lewis was introduced to the assembled workers and he addressed them giving a stirring talk on the need of the movement."

MAY BECOME MANAGER.
It is rumored in railway circles that J. J. Reardon is scheduled for the position of manager of the C. P. & St. L. railroad, which was recently purchased by the bond-holders. Mr. Reardon formerly resided in Springfield and about six years ago became superintendent of the Litchfield and Madison coal road. Recently he had been appointed trainmaster of the Alton.

SITUATION GRAVE.

Occasional Rifle Firing Into West Virginia Coal District Keeps Militia Anxious.

Charleston, W. Va., Nov. 20.—Occasional rifle fire directed from the hillside into the West Virginia coal district now under martial law kept the militia anxious. While there were few developments of importance the situation existing in the coal fields was tonight pronounced by the military authorities to be grave. At a number of isolated points where militia has not yet penetrated practically a condition of anarchy exists. Reports tell of bands of men traveling in dozens holding up trains and putting passengers through a thorough inspection. A number of persons have been severely beaten, some of them who were innocent travelers. Reports are current tonight that the federal grand jury convened today is said to have considered the matter of holding up trains carrying mail and that the federal government may take a hand in the situation. It is even rumored that federal troops may take a hand. It may however come from the local federal authorities.

MEMBERSHIP LIST STILL GROWING

More Names Added Yesterday to Roll of Chamber of Commerce—Total Likely to Reach 350 Mark Soon.

The interest in the recent organized campaign for members in Jacksonville's new Chamber of Commerce continues to increase. Although no concerted efforts are being further attempted, the various committee men are so imbued with the spirit that they are working as industriously as ever.

The work did not cease last evening, but will continue indefinitely for the reason that there are a great many business men who have not been interviewed. It is hoped that a great many more will take advantage of the opportunity to become charter members of this new organization, which is primarily for the making of a greater Jacksonville. In speaking of the campaign yesterday Secretary Fritchey said: "If you have not been solicited to join, be sure and send in your application or see the secretary in person, for we need you with us."

"A noticeable feature of this campaign has been that individuals rather than firms have taken out memberships. Five memberships have been signed by persons in two different banks and the electric light company has four of their employees represented in the new organization. Quite a number of the larger business firms have realized the importance of having their head men participate in the activities of such an organization and have consequently taken out more than one membership."

"New members have been coming in all day and it appears as if the total count at the end of the week will be about 350. This is very encouraging start and by maintaining an active membership committee the organization will be able to hold the present members and to recruit new ones. We have the nucleus for a commercial organization of great consequence and one which compares favorably with any one in a city the size of Jacksonville. Your willingness to sign an application for membership is of minor importance if it does not include an active co-operative spirit."

Following are the names of new members which have not been heretofore published. A complete list will appear the last of the week:

The injured man fell on the grass on the west side of the building and although he had not regained consciousness late last night, it is not thought that his injuries are of a serious nature. MONEY FOR BALDWIN COLLEGE

Out at Baldwin, Kan., the citizens last week raised \$25,000 for Baker university. This is part of an endowment fund to be raised for that well known school. Following the example in Jacksonville for the Woman's college would mean a great big contribution, thousands more than are asked.

ANNOUNCE BEALMEAR SISTERS ENGAGEMENT

Miss Edith Will Become Bride of Dwight Kastrup Dec. 12, When Miss Louise Will Marry Ross Bolton of Dallas, Texas.

Mrs. C. H. Wilson entertained a company of twenty young ladies on Wednesday afternoon at her home near Literberry, in honor of her sister, Misses Edith and Louise Bealmeear, whose engagement was announced. It was announced to the guests that Miss Edith is to marry Dwight Kastrup of this city and that Miss Louise is to become the bride of Ross Bolton of Dallas, Texas, the wedding to take place at the home of the parents of the brides-to-be, Mr. and Mrs. W. C. Bealmeear, near Sinclair, Dec. 12.

The Wilson home was very prettily decorated for the occasion in a color scheme of green and red and autumn leaves was used to a pretty effect. The engagement was made known by the use of small cupids bearing the names "Bealmeear-Bolton" and "Bealmeear-Kastrup," which were placed at each plate.

Both of the young ladies have a large circle of friends in this city, where for some time they were employed at the Central Union Telephone company. Mr. Kastrup is a son of Mr. and Mrs. W. H. Kastrup of South Church street and is popular with a large circle of friends. For some years he has held the position as operator at the local Burlington passenger station. Mr. Bolton is a promising young business man of Dallas.
